New Front Entrance Design—

With the nicer weather fast approaching, it is in the works to redo the 205th Street entrance. Help us show pride in our community by giving us your suggestions & design ideas. We would love to get as many people in our community involved in helping out & your input is greatly appreciated. Please send all suggestions & ideas to our **NEW** email address: rhodyparkhoa@gmail.com.

Rhododendron Park Block Watch—Objective: To encourage residents to come together as a community in order to decrease crime & blight in our community

With the help of Kathy Martin from Safe St, we have been educating ourselves in order to help meet our objective. We recently invited special guest, Dr Matthew Kelly with UW in Tacoma to show us GEO mapping of our community. Using this process, this shows the county where we spend our time or avoid in order to get help through the South Sound Neighborhood Livability Project. Brian Buchanan also joined us recently to talk about a **FREE** summer soccer program for the youngsters in our community. He is currently working in the Prairie Ridge community with great success!!! Look for more information to come soon on facebook, nextdoor.com & at the entrances & park.

Please join us at our future meetings to get to know your neighbors who have the same concerns as you. We have already scheduled dates for a Street Clean Up, Family Day/Movie Night in the park & National Night Out. We look forward to getting to know you & look forward to seeing you around Rhody Park.

The Block Watch Facebook page is Rhododendron Park Safe Street. Please join this facebook page for all the Safe St Block Watch events & updates.

Important Dates

05/02	Monthly Meeting	7 pm
